Portland, OR 97223

NORTHWEST CENTER FOR PLAY THERAPY STUDIES
The Graduate Department of Counseling at George Fox University is pleased to be the home of the Northwest Center for Play Therapy Studies (NWCPTS). Under the direction of Dr. Daniel Sweeney, the NWCPTS is the only university-based center focused on the study and promotion of play therapy in the northwest United States.

The mission of the Northwest Center for Play Therapy Studies is to promote the healthy development and welfare of children and families through the process of play and filial therapy. In support of the relational, psychological and spiritual wholeness of children and families, the Center seeks to fulfill this objective through the provision of play therapy, training, supervision, and learning resources for students and mental health professionals in the community.
